

Summary of Brownfield Register (Part 1) Knowsley Council

Updated 2020

Introduction

Knowsley Council is required by government to publish a register of previously-developed ('brownfield') sites which it considers appropriate for residential development, and which meet the criteria set out in [The Town and Country Planning \(Brownfield Land Register\) Regulations 2017](#). The register is intended to help speed up the delivery of new homes by assisting developers to identify suitable housing sites quickly and easily.

This summary document provides key details of the sites which Knowsley Council has included in the register; full information in the format required by government can be found in the spreadsheet file linked from the [Brownfield Register](#) page of the Council's website.

Sites included are drawn from the [2016 Strategic Housing Land Availability Assessment Update](#)¹, land with planning permission for 5 or more dwellings (or sites where such a permission has recently expired)² where development work has not yet begun, and previously-developed sites (or parts of sites) allocated for residential development in either the 2006 Unitary Development Plan or the 2016 Local Plan Core Strategy (both available on the [Local Plan – Adopted Documents](#) page of the Council's website).

Knowsley Council has not included any sites on Part 2 of the brownfield register.

Further information and answers to 'frequently asked questions' can be found on the [Department for Communities and Local Government's website](#).

The Council will update the register on at least an annual basis; if you have any queries about it or can provide updated information for any of the sites included please contact the Local Plan team:

0151—443 2326

local.plan@knowsley.gov.uk

¹ Note that many sites assessed by the SHLAA as being suitable for housing development are not included within the Brownfield Register as they fall below the 0.25 hectare size threshold set out in the regulations.

² Sites with permission for 5 or more dwellings are included even where they fall below the 0.25 hectare size threshold set out in the regulations.

Summary of Knowsley Council's Brownfield Register (Part 1) sites, 2020

Site reference and link to plan	Site Address	Site Area	Ownership	Planning Permission	Permission Type	Permission Date	Planning History / Link to Public Access *	Dwelling Capacity Range	Date added to register	Date of last update	Status update	Notes
BR001	Rear of 7 Brent Way, Halewood	0.09	Mixed	Yes	Full	09/02/2016	https://planapp.knowsley.gov.uk/online-applications/applicationDetails.do?activeTab=externalDocuments&keyVal=P6LVYWIXKP200	4-5	18/12/2017	05/12/2018	Retain; devt not started	Included in register as site has permission for five dwellings, although it is smaller than 0.25ha.
